

FEBRUARY 6 – 11, 2012

On December 28, 2011 a tragic accident rocked the Thompson's Station and Spring Hill communities and left two families mourning the ones they lost.

In response to the huge outpouring of love and support from the community and local business as well as a passionate intent to do something meaningful in memory of Mark Ahlberg and Cameron O' Reilly, the Heritage Elementary School PTO, Heritage Middle School PTA and Independence High School PTSO have come together to organize a week-long series of events called "Show the Love."

Thompson's Station & Spring Hill Show the Love Week will raise funds to provide for both families and create a healing opportunity as the community comes together for one goal. We will honor the wonderful lives Cameron & Mark led and show their memories and their families "the love."

We are very excited for you to be a part of this event and look forward to your participation. We are currently in need of corporate sponsorships, silent auctions items and man power to organize and staff the different events.
